THE BROMLEY TRUST
HUMAN RIGHTS | PRISON REFORM

Strategic Framework 2024

Our mission

We **fund** specialist charities that are helping to bring about positive social change through their work with marginalised people in the justice system or people who are in need of human rights protection in the UK.

We also **support** and **connect** our grantees with those who can help them achieve their aims and our collective vision of a better society.

Our strategic goals

A society which respects the dignity and rights of marginalised people.

A humane and effective prison system that supports people's rehabilitation.

Our open grants programmes

Our **human rights grant programme** funds charities working to protect the dignity and rights of people seeking sanctuary (refugees and asylum seekers) in the UK.

Our **prison reform grants programme** funds charities working to bring about a more humane and effective UK prison system that supports people's rehabilitation.

Our invite only grants programme

We also make a small number of grants through our **invite-only programme** to support strategic work that furthers the Trust's overall mission.
